

## **QD565//Pitch Black 24 Hour Backpack**

Fabric Composition:  
1000D Twist Weave Polyester

**Recommended area size for  
decoration (WxH in CM):**

### **Showcased decoration method – Embroidery (Barudan BEV Series used in this example)**

1. Hoop onto the desired area on the front pocket through the lower zip and connect to the embroidery machine
2. Have the desired logo digitised and loaded into the machine via USB/scanner
3. Trace the design making sure the needle is not touching the hoop or zip
4. Start the embroidery
5. Remove the hoop and trim any loose threads if needed

*\*Personalisation and decoration can be applied in many areas. The above illustrates the easiest recommended area on this product.*

### **Other recommended decoration methods:**

#### **1. Transfer Print**

- Temperature on heat press set at 150 degrees, timer at 15 seconds
- Remove backing paper and press for a further 5 seconds
- Tested on Adkin swing head heat press, with '123 Premium' vinyl from TheMagicTouch
- Cover surface with Teflon sheet on both presses

#### **2. Applique**

- Iron on patches sold by third parties like Etsy can be easily applied slowly rotating the tip of an iron over the top until patches are fully adhered to the product
- Cover surface with a Teflon sheet
- Pin badges can be easily applied to compliment the style
